

"Empowering Talent: Workforce Solutions for the Bioscience Industry"

AIDT is a division of the Alabama Department of Commerce as serves Alabama's workforce development training, incentive program that supports new and expanding Alabama businesses hiring full-time, permanent employees. One of the primary industry sectors of support is the Bioscience/Biotech industry. AIDT offer's recruitment, comprehensive pre-employment selection and training, leadership development, on-the job training, maintenance assessments, and industrial safety assessments and training—all specific the Bioscience company's needs. From lead time planning to program delivery, AIDT rallies its total in-house capabilities to deliver a quality workforce. Also, AIDT has Centers of Excellence in Mobile, Montgomery, Birmingham and Tanner, Alabama to continue to develop the workforce through industry-specific training for Alabama's companies and citizens.
